Table of Contents

Introduction X
Chapter 1: Fundamentals X
Chapter 2: Cost-benefit and cost-effectiveness analysis X
Chapter 3: Markov models X
Chapter 4: Modeling in R X
Chapter 5: Modeling infectious disease epidemics X
Chapter 6: Complexities of epidemic modeling X
Chapter 7: Modeling non-communicable diseases X
Chapter 8: Personalized medicine X
Chapter 9: Big data and machine learning X
Chapter 10: Validation against natural experiments X
Chapter 11: Good modeling practices X
