

Table of Contents

Introduction	X
Chapter 1: Fundamentals	X
Chapter 2: Cost-benefit and cost-effectiveness analysis	X
Chapter 3: Markov models	X
Chapter 4: Modeling in R	X
Chapter 5: Modeling infectious disease epidemics	X
Chapter 6: Complexities of epidemic modeling	X
Chapter 7: Practicing techniques in context 1: Famine management	X
Chapter 8: Modeling non-communicable diseases	X
Chapter 9: Machine learning	X
Chapter 10: Practicing techniques in context 2: Healthcare system redesign	X
Chapter 11: Modeling guidelines	X
References	X
